

Cosmetic plant Emulsie pentru accelerarea bronzarii spf6 200ml

Emulsia asigura obtinerea unei bronzari mai rapide, mai intense, mai durabile, prin continutul sau in tirozina, riboflavina si ulei de morcov care stimuleaza biosinteza melaninei naturale in piele. Untul de cacao si vitamina E ingrijesc si protejeaza pielea. Filtrele UVA-UVB reduc riscurile aparitiei eritemelor si foto-imbatranirii.

Nu expuneti direct la soare bebelusii si copiii mici!

Evitati expunerea prelungita la soare si in special in timpul amiezii (intre orele 11-16).

Ingrediente:

Aqua, Paraffinum liquidum, Propylene glycol, Theobroma Cacao seed butter, Stearic acid, Ethylhexyl methoxycinnamate, Glycerin, Benzophenone-3, Cetearyl alcohol, Triethanolamine, Acetyl tyrosine, Riboflavine, Dimethicone, Glyceryl stearate, Helianthus Annuus seed oil, Daucus Carota Sativa root extract, Daucus Carota Sativa seed oil, Beta-carotene, Ascorbyl palmitate, Acrylates/C12-22 alkylmethacrylate copolymer, Tocopheryl acetate, Sodium Benzoate, Pentanediol, Benzyl benzoate, Citronellol, Limonene, Linalool, Parfum, Disodium EDTA, Methylparaben, Propylparaben, BHA.
